Offerings graph

Treasurer's Notes:

1

The monthly offering has been dropping since January - although it is still above the 2014 monthly average.

2

As 5 collections were banked in April (usually 4 offerings banked), it was expected that the April total offering would be higher than previous months, but it was not. This is a concern.

3

The General Funds are currently barely covering expenditure, but will get a boost from Dayboro Day profits.
