News from Leisa Lance

Richard is doing well at home. It is so incredible that this time last week he was out of ICU and on the ward and even more incredible to see him walking around at home so easily. His wounds are healing well and he is doing his exercise and all the signals are good. He has to be very careful this week but should be ok to be on his own in a few days. He can't drive for six weeks, so will no doubt be glad of visitors after I go back to work on Thursday.

Thank you for all the good wishes over the past fortnight. Leisa
